In the article “Partial (SAVE) versus Complete (Solumbra) Stent Retriever Retraction Technique for Mechanical Thrombectomy: A Randomized In Vitro Study” published in the October 2023 issue of *AJNR* (44:1165–70; 10.3174/ajnr.A7996), the authors regret that Santiago Ortega-Gutierrez’s name was published as Santiago Ortega.

In the December 2024 issue, credit for the cover art was omitted. The original art was created by Ann Mary John. Also in this issue, the credit line for the art on the third cover should read, “*A Look Within, The Brain of a Radiologist*” by Bar Neeman, and the credit line on the back cover should read, “*Yestermorrow*” by Andria M. Powers. The journal regrets these errors.
